

DISTRICT MISSION

TSD#1 will provide all students with a comprehensive system of support, a safe learning environment, and the opportunity to reach his/her academic and leadership potential as determined by state and national standards.

DISTRICT VISION

As Trinidad School District #1, we honor the rich history of our schools and our community. We are proud to be the first established school district in Colorado. While being mindful of our local history, our students develop life skills relevant to their community as well as the world. Our students enjoy and excel in the academics, arts, and extracurricular activities while recognizing their civic responsibilities. Along with providing a well-rounded and diverse education, the district provides the support needed for each student to reach his or her highest academic, social and leadership potential.

We value the importance of using data from formative and state assessments to foster high levels of achievement. Effective instructional strategies, methods, and tools are used to engage our students, allowing them to excel in their academic pursuits. The rich education we offer allows our students the freedom to make educational discoveries and become leaders in the creation of cultures that support diversity and the freedoms espoused by our government.

Our students graduate with the skills to be successful in college, vocational education, the work force and life. They excel in language, reading, writing, math, social studies, sciences, and the arts. Our students respect diversity, appreciate the freedoms allowed by our democracy and possess a high sense of responsibility while holding themselves accountable for their own actions. We as a school district and community hold ourselves accountable to the students we serve in assisting them in the pursuit of achieving this vision.
